## United Tae Kwon Do Patches-Must Read!

---

Dear Students and Parents,

Attached please find the United Tae Kwon Do blue patches with Grandmaster Lee on them. This is a tremendous honor to wear Grandmaster Lee's flying side thrust kick patch.

You have earned the right to wear this patch as a 8<sup>th</sup> Gub (yellow belt) or higher belt. **Once you have earned it, this patch is required to be worn, just as a belt or do-bok (uniform) are required to train.** We understand that it will take you several days to a week to add it to your do-bok. Please make every effort to add the patch as soon as possible.

With every new do-bok that is purchased United Tae Kwon Do will provide the patch free of charge once you have earned it. Additional patches may be purchased for \$5 from the office.

Patches will need to be sewn to the do-bok on the left side when wearing the uniform. It should be placed in the same position as the above letterhead with the wording at an angle and the non-lettered side vertical. You will want to put your uniform on and pin the patch to the do-bok so as to ensure that it is centered for you based on your build. Do not place the patch too close to the arm as it will get caught in the armpit area.

The patch should be sewn with white thread around the edge of the patch where it is white.

Patches can be hand sewn or machine sewn onto the do-bok. If you do not sew, **you may visit Joanna's Fashion, which is located next door to United Tae Kwon Do, and they will sew the patch on for \$4 which is a special price we have arranged with them.** You should plan for them to need one day for the patch to be sewn. If they are available, they may be able to sew it sooner.

If you have any further questions or need additional patches please see the office staff.

Enjoy wearing your new patch with pride and let's remember that we always represent Grandmaster Lee.
